COUNTY COUNCILS GENERAL ELECTIONS, 1946.

INTRODUCTION.

(1) LEGISLATION

1. In the year 1945, the first Ordinance controlling the constitution, duties and election procedure for County Councils was introduced. It was passed on the 18th May, 1945, and came into force on the 28th June following.

This Ordinance was introduced on the recommendation of the Royal Commission that County Councils be set up in the Colony, and was drafted in accordance with the findings of the Franchise Committee.

2. In that year (1945) an attempt was made to compile the list of electors, but the results proved unsatisfactory, as it was felt that a sizeable portion of the electors had been left out. In late September, 1945, Mr. A. J. Pelletier, Retired Canadian Government Census Official, arrived in the Colony to assist in the preparation of the new Legislative Council (Elections) Ordinance. It was on his advice that it was decided to re-draft the County Councils Ordinance on the same lines as the proposed Legislative Council (Elections) Ordinance. As a result a new Ordinance, No. 18 of 1946, was drafted, and was passed on the 5th of April, 1946. It came into force on the 18th April, 1946. This Ordinance repeats in almost identical detail, the provisions of the Legislative Council (Elections) Ordinance, except in one very important item, that is, that in each electoral division two members instead of one are put up for election.

(2) ELECTION PROCEDURE

3. The election procedure being almost identical, the conduct of the elections followed closely along the lines of the Legislative Council General Elections. Use was made of Section 8 to enable the registration to be carried out simultaneously with that for the Legislative Council Elections. The actual work on the election can be said to have commenced with the writing up of the lists by the enumerators, followed by their being posted up in the different polling divisions.

Relevant election dates were :-

Date of issue of Writs of Election	— 26th August, 1946.
Date of Posting up Lists	— 28th August, 1946.
Date of Nomination Day	— 7th October, 1946.
Election Day	— 28th October, 1946.
Date for Returning Writs to the Governor	— 13th November, 1946.

The work of preparation for the election proceeded smoothly, and with no noticeable hitch, except that the time allowed for printing of the lists again proved to be inadequate, and as a result some lists were delivered after Nomination Day.

(3) ELECTION PUBLICITY

4. Much the same publicity was given for these elections as for the Legislative Council General Elections, except that no talks were given over Rediffusion, this service being co-extensive only with the town of Port-of-Spain which is not an electoral district under the relevant ordinance.

Five pamphlets were prepared. Pamphlet No. 1 gave detailed instructions about the registration of electors. Pamphlet No. 2 was a one-page leaflet giving a summary of Pamphlet No. 1, and was designed to explain to the man in the street in a short and simple way the main facts about registration. Pamphlet No. 3 gave the basic facts about County Councils. It gave particulars about their constitution, and also information about the nomination and qualifications of candidates. Pamphlet No. 4 was a one-page leaflet giving the most important facts about the election. This also was designed for the man in the street, and separate pamphlets were made for each electoral district. Pamphlet No. 5 gave detailed information about the voting procedure. Pamphlets Nos. 2, 4 and 5 were intended for a one in ten distribution among the electors, and 20,000 of each were printed. Ten thousand copies of Pamphlet No. 1 were printed, and 2,500 of Pamphlet No. 3.

5. The Supervisor of Elections made two complete tours of the Colony, one during the registration period, and the other during the election period. In the first tour the mileage covered was 1,231 miles,* and in the second tour 1,400 miles.* The corresponding times taken were 102 hours 50 minutes and

* Tobago tour excluded.

6

130 hours 55 minutes respectively. In Appendix II the details are given. The opportunity was taken during this tour to distribute relevant pamphlets and in the latter tour Form A16 giving instructions about voting was also handed out. These were distributed along the main roads as well as at each stop and much use was made, especially in the latter stages, of shopkeepers who on request were always willing to hand out pamphlets and forms to their customers as they came in. The public address system of the Information Office was used at the various stops to give short talks to the people of the district and in many instances these talks were fitted in to the cinema shows given by that office, the arrangement being that the election film would be introduced by the Supervisor of Elections with a short talk on election procedure.

6. Pamphlets Nos. 1, 3 and 5 as well as copies of Form A16 were sent through the post to Ministers of Religion, School teachers, Secretaries of Clubs, Trade Unions and Friendly Societies. The co-operation of these is heartily acknowledged.

(4) NOMINATION DAY

7. On Nomination Day, 154 names were put up. The largest number recorded in any division was 9: this was in the division of Naparima. In two other divisions, Chaguanas and Tacarigua, 8 names were put up. In the Parish of St. Mary in Tobago the election was uncontested as only one name was put up, but this was because the other candidate had to be turned back because he did not reside in the district. There were also uncontested elections in the parishes of St. Patrick and St. George in Tobago, and in the Wards of Blanchisseuse and Turure in Trinidad. Only 2 candidates were put up in these, the elections therefore being uncontested. In Turure 3 names were originally put up, but one was subsequently withdrawn.

(5) ELECTION DAY

8. Election Day passed very quietly with no disturbances of any kind. The voting on the whole was not as brisk as it was during the Legislative Council General Elections, and this was most noticeable in the district of St. George where a percentage of 14.8 only voted. The highest percentage recorded was in the district of Caroni where 57.3 per cent voted.

There was no broadcast of election results as was done for the Legislative Council General Elections, but the results were published in the Press on the following and subsequent days.

(6) EXPENDITURE

9. The expenditure was considerably less than for the Legislative Council General Elections for two reasons: (1) the registration had already been carried out and (2) non-recurrent expenditure was only \$1,000 approximately. Otherwise the expenditure was more or less what was expected, the biggest item being an approximate amount of \$15,000 for printing. The total recurrent expenditure was \$42,400 in round figures. A detailed statement of expenditure is provided in Appendix III.

(7) BYE-ELECTIONS FOR THE YEAR 1946

10. Only one bye-election was held in 1946, and it arose out of a default of nomination during the General Election, 1946, in the Parish of St. Mary, Tobago, where only one candidate was accepted for nomination. The Writ was issued on the 28th November, 1946, and it fixed Nomination Day for the 13th December and Election Day for the 30th December, 1946. On Nomination Day only one candidate, Mr. James Winston Biggart, was nominated. The Returning Officer therefore immediately declared him elected, and returned the Writ on the same day.

(8) CONCLUSION

11. Annexed hereto are tables 1 to 3 giving detailed results of the elections and appendices (I-III). Appendix I is a list of Returning Officers.

12. Thanks are here recorded for the assistance given by other Government Departments as well as Ministers of Religion, School Teachers, Political and Trade Union Organisations, the Press, Friendly Societies, Cinema Companies and numerous other organisations and individuals.

13. The Returning Officers as well as the field and office staff are thanked for their hearty co-operation and assistance.

T. F. FARRELL,
Supervisor of Elections.

PREFATORY NOTE

Under a re-enactment of the County Councils Ordinance, 1946 the County Councils were first given executive powers in 1953. The last general elections had been held on 28th October, 1946 and although general elections were due to be held in 1949 the Legislature kept the existing Councils in being during that year and subsequent years until the re-enacting Ordinance, the County Councils Ordinance, 1952, No. 39 of 1952, was passed. The general election of 1953 was held under this latter Ordinance. The enumeration of electors commenced on 16th October, 1952 and the lists of electors came into force on 9th January, 1953. Writs of election were issued on 3rd December, 1952. Nomination day was on 14th January, 1953 and a poll was held on 2nd February, 1953. The writs were made returnable on 15th February, 1953.

PREFATORY NOTE

UNDER Section 82 subsection 1 and Section 2 subsection 1 of the County Councils Ordinance, Chapter 39, No. 15, it is provided that the Governor shall fix an appointed day as from which a County Council for each electoral district shall be constituted. By Proclamation No. 3 of 1953 dated the 10th day of February, 1953 the Governor appointed the first day of March, 1953 as the first day upon which the County Councils were to be constituted. As a consequence County Councils were due to be re-constituted every three years thereafter, as each councillor is appointed for three years. New County Councils were accordingly due to be in being by the 1st March, 1956 and preparations for a general election were as a result commenced in 1955.

The enumeration commenced on the 12th November, 1955 and the lists came into force on the 27th January, 1956. Writs of Election, issued on the 12th January, 1956, fixed nomination day for the 3rd February, 1956 and polling day for the 20th February, 1956. The writs were returnable on the 5th March, 1956.

The elections were conducted under the provisions of the County Councils Ordinance, 1952 (now Chapter 39, No. 15), the County Councils (Registration) (Amendment) Rules 1952 and 1955, the County Councils (Elections) Regulations 1952 and the County Councils (Elections) (Amendment) Regulations 1955.

The electoral districts remained the same as before being the six counties of Trinidad and the Ward of Tobago. The electoral divisions or constituencies were, as previously, the wards of the counties in Trinidad and the parishes in Tobago. Suitable amendments to the polling divisions were made to accommodate the increased population since the last general election.

The most important change in the machinery of the election was that copies of the finally revised lists were made on duplicators, some 150 typists being employed to type them on wax stencils. The experiment was successful in so far as economy but not clear reproduction of the lists was concerned. On the whole it was found that whereas in some cases the lists were very well done yet in others, due to bad preparation of the stencils or uneven inking by the machines, some rather illegible work was turned out.

In all 236 candidates were nominated and 5 withdrew. The highest number recorded in any constituency was 14 in the Ward of St. George. The smallest number was recorded in the Wards of San Raphael and Valencia and the Parish of St. Patrick where only three candidates were nominated.

Nothing untoward occurred on polling day, and voting proceeded smoothly and without any hitch.

The result in the Ward of Chaguanas was questioned by an election petition and the resulting judgments are of some importance. The position was that the two candidates for second place, Mr. Ramoutar Dass and Mr. Doon Ragoobir,

were recorded as having 3,870 and 3,853 votes respectively. Mr. Ragoobir filed a petition naming the Returning Officer and Mr. Ramoutar Dass as co-respondents on the grounds that the count was not correct. The hearing before a magistrate resulted in a recount which left the position the same. Mr. Ragoobir appealed to the Supreme Court and the Court sent the case back to the magistrate for re-adjudication under certain principles it laid down. These principles were embodied in written judgments delivered by the Court. The three judges did not entirely agree and as a consequence there was a majority decision of two judges and a minority of one. Both judgments laid down principles by which those who were responsible for counting votes should be guided and in both it was clearly enunciated that there should be great liberality in judging what was a cross. The majority judgment considered that the section directing that a cross should be made on the ballot paper was mandatory, whereas the minority judgment laid down that it was directory.

As before there was no great political activity in this election, but there were signs that political activity was increasing.

PREFATORY NOTE

In accordance with Section 82, Sub-section 6 of the County Councils Ordinance Ch. 39 No. 5, a new triennial period for County Councils in the Colony of Trinidad and Tobago was due to commence on the 1st March, 1959. By proclamation No. 18 of 1958 the Governor appointed the year 1958 as the year for the compilation of the lists of electors and enumeration began on 22nd October, 1958. These lists, being duly compiled, were proclaimed as coming into force on 24th January by proclamation No. 3 of 1959.

The Elections were conducted under the provisions of the County Councils Ordinance 1952 (now Ch. 39, No.15), the County Councils (Amendment) Ordinance 1959, the County Councils (Registration) (Amendment) rules 1952, 1955 and 1958, the County Councils (Elections) Regulations 1958 and the County Councils (Variation of Forms) Regulations 1958.

As in previous County Councils Elections the Electoral Districts and the Electoral Divisions remained the same. Suitable adjustments were made to polling divisions to accommodate the increased population and to remove the difficulty of travelling long distances to vote which electors experienced in certain areas in the past.

In order to reduce the cost of printing and for the purpose of speed, finally revised lists were printed from paper plates. These plates were supplied to the Returning Officers who had them typed by the same typists they employed to prepare the stencils for the preliminary lists. The plates were then sent to the Government Printer for the printing to be done on Rotaprint Machines. There were some technical difficulties in the printing but the final product was satisfactory.

POLICE VOTERS

Time did not permit for the necessary amendments to be made to the County Councils Ordinance to enable Special Reserve Police to vote on the day set aside for Police Voters. There was, however, much improvement in the preparation of the Police Voters Lists, due especially to the interest taken by the Commissioner of Police and his administrative staff during the period of revision, when all the Preliminary Police Voters Lists were circulated to every Police Station throughout the territory.

WRITS OF ELECTION

The writs of election were issued by His Excellency the Governor on 12th December, 1958. Nomination Day was fixed for 26th January 1959 and Polling Day 16th February 1959.

PREPARATION FOR ELECTIONS

The requirements of the County Councils Ordinances for the elections procedure were closely followed. A Returning Officer was appointed for each Electoral District and a Presiding Officer and a Poll Clerk were appointed for each Polling Station. A change was made in the Ordinance to allow for the appointment of more than one Election Clerk for an Electoral District, wherever it was found necessary.

There were very few cases of rejection of persons whose names were recommended for appointment as Presiding Officers. Election forms and electoral ink for finger staining were distributed in most places in good time. Arrangements for Police Polling Day and the receipt and re-distribution of Police Votes on Election Day were carried out successfully.

THE POLL

Polling Day was very quiet. There was no report of any disturbance. Complaints against Election Officers were few and of a very minor nature. There were only two cases where preliminary statements of the poll were not received by the Returning Officers on the night of the election. One instance was due to negligence on the part of the Presiding Officer and the other was due to communication difficulties.

FINAL COUNT

The final count was completed by nearly all the Returning Officers within seven days of Polling Day. The results of the final count as announced by the Returning Officers were accepted by all the candidates. There were one hundred and seventy-three candidates who fought the election in thirty-six Electoral Divisions and thirty-six of them failed to poll one-eighth of the total votes polled by all the candidates, that is, on reckoning each Electoral Division separately. Out of a total of 156,526 ballot papers marked by voters throughout the territory, only 2,442 were rejected. The low percentage of rejected ballot papers resulted from the adoption of a more liberal judgment of the marks made in the form of a cross by voters.

POLITICAL

This is the first time that party activity was strongly in evidence in a County Councils General Election and some information is therefore given on the political side of the elections in Table 4.

Two councillors had to be elected for each of the thirty-six electoral divisions to form the seven County Councils. The People's National Movement were represented by two candidates in each division, the Democratic Labour Party put up sixty-seven candidates (they were not represented in St. Paul, Tobago); the Butler Party were represented by two candidates in La Brea only; there were thirty-two Independents contesting the election in nineteen electoral divisions. The People's National Movement polled a total of 140,184 votes and won thirty-four seats; the Democratic Labour Party polled 121,435 votes and won thirty-three seats; the Butler Party polled 8,371 votes and won two seats; the Independents polled 19,649 votes and won three seats. The division of these seats among the County Councils is shown in Table 6.

EXPENDITURE

Details of expenditure are given in Appendix II. There is an increase of \$83,110.65 over the expenditure for the 1956 County Councils General Elections. This increase was due, to some extent, to the fact that there were 22,327 more electors registered for the 1959 Elections than there were for the 1956 Elections. However, the greater part of the increase resulted from increased rates of pay for all services rendered in connection with the registration of electors and polling day activities. Increased activity in the line of publicity was engaged in and the increased expenditure of \$4,759.48 made under this head over that of 1956 appeared to be quite justified in that 27,000 more persons went to the polls than in the year 1956 and the actual number who voted represented 55.8 per cent. of the 1959 electorate as against 50.2 per cent. of the electorate which voted in 1956.

ACKNOWLEDGMENTS

The County Councils Elections Ordinance requires the Warden of each County to perform the duties of Registration Officer for his county and it has been customary to appoint the same officer to perform the duties of Returning Officer. In addition the Warden's staff in every County perform most of the duties in connection with registration and election. Teachers and other members of the service give quite a lot of assistance as well as the Police who render valuable service in patrolling the entire territory on Polling Day.

I am pleased to report that in every instance all Government Officers who were asked to perform some kind of duty in connection with these County Councils General Elections were exceptionally willing to help and gave unstinting service. In recording my thanks for assistance given to my department in bringing these Elections to a successful conclusion, too much cannot be said of the Government Printer and his staff who were forced, as has happened in nearly all similar occasions in the past, to work extra time at nights and on weekends to print and assemble the lists of electors and ballot papers.
